Replying to [@BGPPolitics](#)

This is the woman in a Republican primary against Josh Calloway, Julie Cantwell.

If the principle-less wing of the party, or even [@KYHouseGOP](#) leadership, wants to back a Republican in Name Only against a sitting Rep it shouldn't surprise anyone, but I'm skeptical.

# 2023-2024 HARDIN COUNTY STRATEGIC PLAN

## Preamble

We the people of the Republican Party of Hardin County support the Constitution of the United States and its goals of establishing justice, providing for common defense, and securing our liberty through a limited federal government leaving those powers not delegated to the federal government to the states and/or to the people. To that end, we seek to establish and maintain a state government in Kentucky that creates an environment where everyone has the opportunity to succeed in their own endeavors, and which protects the rights of its citizens. The nation saw a resurgence of national pride, respect for the rights of the individual, and a government more inclined to follow the U.S. Constitution under President Trump. Now, that is gone. Under President Biden, all of our personal liberties are under attack, spending is out of control, and the centralization of power in Washington D.C. is ever increasing. We the people must work to make profound change in the way government performs its duties to the people to include management of the economy, providing for defense, dispensing of justice, and protecting the civil liberties of its citizens. With strong, conservative, Republican leadership unafraid to stand up to those who would fundamentally change our republic and cede authority to global institutions, we can make Kentucky a leader among the states by demonstrating what government of the people, by the people and for the people really means.

## Mission Statement

The mission of the Hardin County Republican Committee is to elect fiscally and socially conservative, America First leaders to Federal, State, and Local offices who are dedicated to the principles of the U.S. Constitution.

## Vision Statement

The Republican Party of Hardin County, its precincts and county organization, remains united, committed, and capable of providing the critical infrastructure and support for Kentucky Republican political candidates while simultaneously supporting conservative Republicans in elected office, and promoting the principles of the Constitution and the principles of the Republican Party to ensure the prosperity of Kentucky's citizens.

## Strategic Goals

- a) To follow and be guided by The United State Constitution upon which the platform of the Republican Party of Kentucky is based on.
- b) Build strong organization, finance, and structure with the party.
- c) Identify and recruit viable candidates to represent the values of Hardin County.
- d) Attaining victories in critical local, state, and federal races.
- e) Increase Republican voter registration in Hardin County.
- f) Financially support candidates for office when possible.
- g) Hold our elected officials accountable.
- h) Increase voter engagement among young, minority, and disenfranchised Democrat voters.

Many thanks to The Family Foundation who have put out the [Kentucky Family Legislative Scorecard](#). On page 2 of that [scorecard](#) they rank state representatives with respect to conservative legislation. The higher the score, the more conservative the candidate

How does Josh Calloway do? He's at the top of the page with a 100% score.

## **THE RPK HAS BEEN INFORMED OF THE CANTWELL ISSUE**

**12.05. Republican Integrity:** (a) During a general election, any registered Republican who has publicly supported the opponent of a Republican nominee for local, statewide, or national office may be ineligible to hold any Party office for a period of two years following that General Election in which said Republican nominee was on the ballot. Any dispute to this rule shall be referred to the Membership Committee, who after review, will make a recommendation to the Executive Committee pursuant to Rule 2.09(e).

Cantwell reached out after the meeting to inquire about becoming a precinct officer. I simply informed her of the RPK Rule 12.05 (a).

With the **RPK Rule 12.05 Republican Integrity**, (a) it **PREVENTS** her from being a **Precinct Officer/County Officer** for **2 years** and will be in effect until after the general election 2025. (c) If Cantwell wins the General and becomes a member of the RSCC, then five (5) members of the RSCC can file a petition to have her disavowed with a 3/4 vote.

At this time, RPK stated as a best practice, they do not endorse or condemn candidates but there is no rule against it. RPK also informed me that *the counties can choose to support or not support a candidate as well as decide how to engage or not engage in a primary election with a candidate.*

**WITH ALL WE HAVE EXPERIENCED THE HARDIN COUNTY REPUBLICAN PARTY  
NEEDS TO STAND ON PRINCIPLE AND ENDORSE REPRESENTATIVE JOSH CALLOWAY.**

**BRECKINRIDGE COUNTY GOP WILL BE MOVING AN ENDORSEMENT AS WELL**
